## WHAT IS CLUB BOOSTER EWHEELS?

The world's first ever powered wheels that converts your pushcart into a remote-controlled motorised electric golf trolley.

- ⊗ Long Lasting Lithium Battery
- ⊗ Fits Most Push Carts
- ⊗ Easy to install
- ⊗ Remote Controlled
- ⊗ Cruise Control
- ⊗ Distance presets
- ⊗ Smooth Steering
- ⊗ Tight turning circle

Warranty covers the unit, battery and charger of any manufacturing defects that occur during normal usage. Warranty is subject, but not limited to, the following exclusions:

- Accidental damage, consumer misuse, abuse or neglect
- Abnormal wear and tear
- Rental or commercial use
- Unauthorised modification to the product
- Faulty repairs by consumer or unauthorised agent
- Usage of an unauthorised 3rd party charger
- Removal of, or defacing serial numbers

## Storage Bag TREWATB

● Protective travel cover keeps your Club Booster safe and sturdy and protects your rig from dirt and debris from the course.

## Belt Clip TREWABC

● High quality, convenient Belt clip for easy access and protection of your remote. Swivels 360 degrees for vertical or horizontal orientation. Great for protective storage in Golf bag.

## Car Charger TREWACC

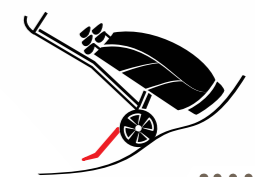

## Ewheel Omni Trolley Frame TREWAOML

● Specifically designed trolley frame for ewheels. Include 360 front swivel wheel.

## Anti Tip Rear Stabilizer Wheel TREWABW

● Under development

## Universal 3-in-1 Cart Fan

TRBBAFA

- Energy-efficient 4-inch adjustable fan, mister, and power bank with built-in rechargeable battery.
- Secure mount fixes easily to existing umbrella holder ports.
- On/off water misting spray option.
- Powerful 3-speed, 2-inch fan blades.
- Detachable 4000 mAh portable battery charger bank powers any USB based device.
- Up to 5+ hours of battery life, depending on speed setting.
- Universal adapter clip and USB charging cable included. Allowing it to be fitted to nearly any make/model of riding or push trolley.

## Solar Charger

TRBBASC

- Lightweight 2-in-1 solar charger and power bank charges electronic devices via sunlight and incandescent light.
- Portable battery charger bank powers up to 2 USB based devices simultaneously.
- Powerful 5000 mAh battery.
- Only 5 hours to fully charge the solar charger via USB.
- Built-in LED flashlight by double tapping power button.
- Universal adapter clip and USB charging cable included. Allowing it to be fitted to nearly any make/model of riding or push trolley.

## Bluetooth Speaker

TRBBABS

- Lightweight wireless speaker streams audio from Bluetooth enabled devices.
- Wireless range: up to 32-feet.
- Rechargeable 750 mAh battery with up to 5 hours of battery life.
- Built-in volume adjustment to control from device or speaker.
- Universal adapter clip and USB charging cable included. Allowing it to be fitted to nearly any make/model of riding or push trolley.

Jim Herman

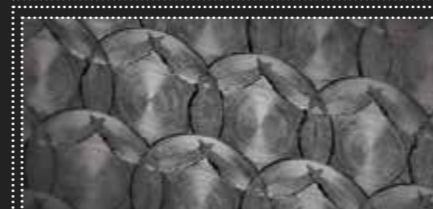

Ben Silverman

**FACE MILLING** Which best suits your game

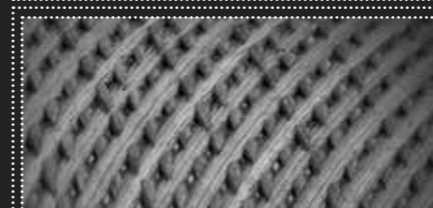

**F.I.T. (Feel Impact Technology) Face**

- Softest feel at impact.
- For players with an aggressive putting style.
- Bettinardi milling process that eliminates inserts.

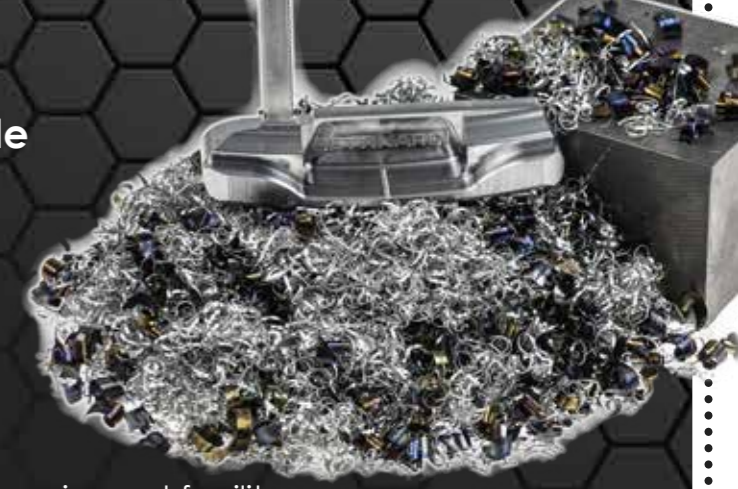

**Micro Honeycomb**

- Firm feel at impact.
- Made for players conscious of speed.
- Patented Bettinardi milling technology.

**Super-Fly Mill**

- Muted, yet responsive feel at impact.
- Made for players looking for both consistent speed and feel.
- Aggressive Bettinardi milling technology.

## BB SERIES

The BB Series has received unique cosmetic and performance upgrades for 2018 which includes the neck being moved slightly forward towards the sweet spot which helps promote less toe hang.

The traditional Honeycomb face has been replaced in favor of the aggressive Flymill milling technique, which produces a softer feel at impact.

A new Stealth Black finish is complimented with an electric yellow paint scheme, reducing glare and improving aim optics.

The BB1 series comes with a Flymill pattern headcover and a matching deep-etch cord Lamkin grip available in standard or jumbo sizes.

## BETTINARDI BB29 New 2018

New to the 2018 BB Series, this traditional heel-toe weighted blade features a squared frame, crowned topline and a mid-slant neck - all attributes designed to promote ideal hand positioning and locked in feeling at address. Milled from Soft Carbon steel, the aggressive Super-Fly face milling produces a softer feel than the previous Honeycomb pattern.

## BETTINARDI BB39 New 2018

The BB39 mallet, with its elongated flange and rounded edges, is the most visually striking putter in the new BB Series lineup. An extended flange increases the perimeter weight distribution for a consistently solid strike, while the elongated sightline simultaneously creates visual confidence at address. The craftsmanship that goes into making every Bettinardi unique is on full display with this new design.

## BETTINARDI BB56 **New 2018**

The body is milled from 6061 military grade aluminum and features a special topline weight made of 303 Stainless Steel. With the stainless steel weight directly behind and above the equator of the ball at address, along with a high MOI head shape, the Center of Gravity is raised, resulting in consistently solid contact and proper roll. Vented channel grooves on the sole and flange create an aerodynamic appearance at address.

## INOVAi 5.0 SERIES

Thanks to the success of its predecessors, the iNOVAi 5.0 looks to remain at the capstone example of Bettinardi craftsmanship and ingenuity.

Classic features that remain from previous iterations are the bi-metal construction, black anodized finish, and F.I.T. (Feel-Impact-Technology) Face.

The most noticeable new design characteristic is the hand polished 303 stainless steel weight which now creates a rounded mallet appearance, only adding to the steady strike attributes while increasing MOI numbers that this family of putters are known for.

The iNOVAi is available in both heel shafted and center-shafted options, and all iNOVAi models come with a special MOI headcover and matching deep-etch Lamkin grip in standard or jumbo sizes.

## BETTINARDI iNOVAi 5.0 **New 2018**

The Inovai putters feature a bi-metal technology in which the aluminum is anodized black, and the stainless steel is hand polished ensuring absolute smoothness. The two contrasting colors aid in alignment, in addition to distinguishing the use of two separate materials.

## STUDIO STOCK SERIES

The Studio Stock Series is the direct evolution of classic putter designs, with enhanced characteristics. The foundation of the Studio Stock lineup is the mercury gray finish which provides rich and confidence inspiring looks at address. Each of the three models have been PGA Tour proven in look and feel with the FIT Face milling.

The SS3 offers a stout, compact mallet with a single bend shaft that frames the ball squarely at address.

The SS8 comes from the popular JAM head style featuring a high-toe topline and squared off edges.

The SS28 is a wide body, slight toe-hang blade which adds extra assurance that the putter will stay square through impact.

Combine these models with a matching headcover and corded grip, and you have a legacy lineup with striking characteristics.

## BETTINARDI SS3 | COUNTER BALANCE

The Studio Stock 3 Counterbalance offers more balance and stability than the traditionally weighted standard model. By increasing the head weight by 42 grams to 400 grams, and extending the length of the putter an additional 3 inches, the putter swings more stable than ever.

## BETTINARDI SS8

Perhaps our most classic offering, the Studio Stock #8 has seen numerous professional victories over the past decade. This distinct blade model joins an already proven collection with its popular plumbers neck, traditional perimeter bumpers, a subtle yet square high toe and our iconic F.I.T. (Feel Impact Technology) Face for softer feel.

## BETTINARDI SS28

The Studio Stock #28 has garnered multiple Tour wins and international competition appearances. The success of this design boils down to a well-proportioned look with a low profile face, wide body and slight toe-hang. This model is also available in either standard length options or with Arm Lock technology that eliminates the need to anchor while still delivering the utmost in stability and control.

CODE	WEIGHT	GRIP	LIE/LOFT	LENGTH

## BETTINARDI SS28 | ARMLOCK

The SS28 Arm Lock has been completely revamped to feature only 1 shaft of offset, with 5 degrees of loft. This gives golfers a cleaner look to the golf ball at address, while efficiently achieving the same results as the previous arm lock model. This putter is best used when the butt-end of the grip is placed two inches below the golfer's left forearm, and the shoulders swing to have a solid, locked in motion. Made with direct input from 7-Time PGA Tour winner Matt Kuchar.

BPSS28ARM42	400g	LAMKIN	71°/5°	42"

## BETTINARDI SS28 | CENTER SHAFT

Due to heavy demand, we have made our popular Studio Stock #28 model available in a center shaft option that still offers a slight toe hang preferred by most players. This alternative neck style easily places the shaft, eye line and center of the club face directly behind the ball for consistent alignment, repeatable performance and enhanced feel.

## QUEEN B SERIES

The Queen B Series was formed from a desire to fuse performance with sophistication, substance and grace.

Both the Queen B 8 and 9 models feature the Micro Honeycomb face milling and a light satin silver finish with swarming bees on the sole.

The Queen B 8 comes as a compact, mid-size blade with a semi-rounded notch milled into the flange, offering more weight displaced towards the heel and the toe.

The Queen B 9 gives mallet lovers a new look featuring a crescent milled neck and high-toe topline.

Paired with a white corded grip and matching headcover, the Queen B series remains desirable models for both men and women.

## BETTINARDI QB8

An entirely new design based on feedback from Tour players around the world, the Queen B #8 is the advancement of a classic mallet design with enhanced perimeter weighting, isolated in the rear bumpers and a squared profile. Its quarter toe hang will be favored by those with a slight arcing stroke while the Micro Honeycomb milled face delivers a muted, yet crisp feel at impact.

CODE	WEIGHT	GRIP	LIE/LOFT	LENGTH

## H2 303 SS WEDGES

CC

This new technology pushes the USGA groove limits, and offers tighter spin in both wet and dry conditions. Robert's preferred C-Groove remains constant as a versatile sole grind, making it easy to open up around the green for soft flop shots, or hitting knock-downs from the fairway.

## BETTINARDI H2 303SS New 2018

			<b>Headcover</b> Intricately embroidered Queen B headcover effortlessly matches the sole of both Queen B models featuring black and gold color accents.

USA Milled

All putters are milled, painted, and assembled in our own facility.

Weighting

Precision milled from a solid block of steel gives perfect balance and stability.

PGA Tour Proven

Bettinardi putters have amassed over 50 worldwide wins.

### Options available for custom fitting Bettinardi Putters

Lie/Loft and Length can all be customized. This can be requested when ordering, or can be customized using a loft/lie bending machine.

The putters can typically bend 4-5 degrees comfortably in either direction, on both lie and loft.

Putters can be cut and gripped anywhere from 33"-38", however most customers typically order between 33"-35". The lie and length is the most important.

If balance needs to be changed, weight can be adjusted with putter grip/lead tape. Superstroke grips with counter weight is also an option.

The Longridge VL4 Complete Package provides the golfer with a complete 18 piece package.

The set comprises of a 400cc VL4 Titanium Matrix Driver and Titanium Matrix fairway woods. The stainless steel hybrid with 21° of loft, with its back weighted head and extra wide sole provides versatility and playability from all lies.

The hyper steel irons are a two piece construction for long lasting durability. The twin disc mallet putter is a modern design with an easy alignment system and a polymer face insert for softer feel and control.

The set comes complete with 3 Long neck deluxe wood covers, hybrid cover, a putter cover, a durable lightweight stand bag with a dual shoulder strap and a graphite friendly top.

# TIGER PLUS JUNIOR SET

- The ideal golf set for budding golfers.
- Tiger Set Plus is specifically designed for juniors.
- Clubs are fitted with graphite junior flex shafts & lighter golf heads.
- Lightweight stand bag with dual straps for carrying with ease.

The Junior Tiger Plus Package provides the budding young golfer with an excellent starter set for the game. The Oversize Titanium Matrix 3 wood will give them maximum confidence from the tee and combined with the Oversize Titanium Matrix 7, P/S irons and mallet style putter with soft face insert, they have all they need to really enjoy the game.

- Includes bunker & water hazards.
- Recessed putting cup.
- Ball return tray.
- 200 x 35cm.

\*Golf balls not included.

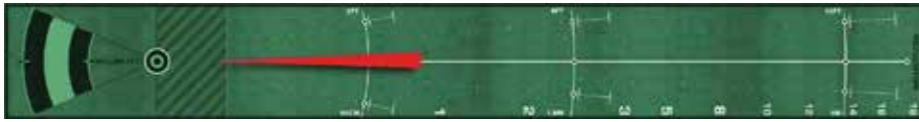

## Welling Putt Putting Mats

- Includes training book with 54 exercises and 3 scorecard booklets.

Welling putt has been designed based on the theories of Alain Berthoz who advanced the hypothesis that: "The Memory of space in fact calls on a memory of movement, this being based on body movements associated with visual points of reference".

A good putt is the result of a good aim and the right speed. This is why we have designed welling-putt® with two directions of play

### Aim

### Feeling

### The concept of the Welling putt mat

For the first time ever, you will have to pass the hole and finish behind in the "welling putt zone" or the "good putt zone"

#### "Good Putt" Zone

It is a proven fact that a putt that has the strength of strike to finish in a zone between 1ft and 2ft behind the hole has a better resistance to slopes, and therefore more chance of actually going down the hole.

#### Up Putt Zone

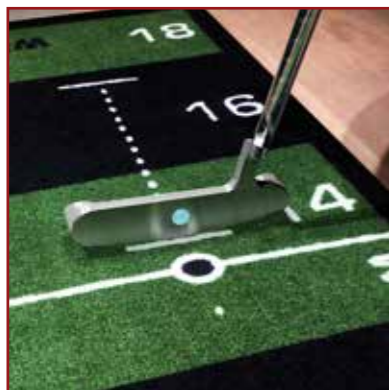

For experienced golfers, the "Up putt zone" will develop their offensive aspect, whilst ensuring the return putt.

#### Down Putt Zone

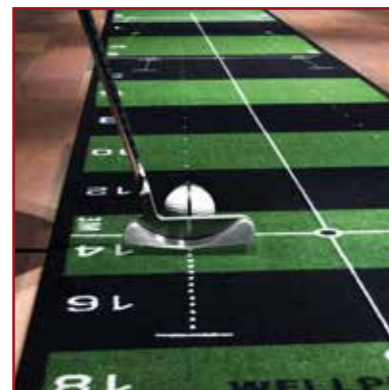

Similarly to the Up putt zone, the Down putt zone will develop a player's fine sensitivity, whilst ensuring the return putt.

### Tools for alignment and length

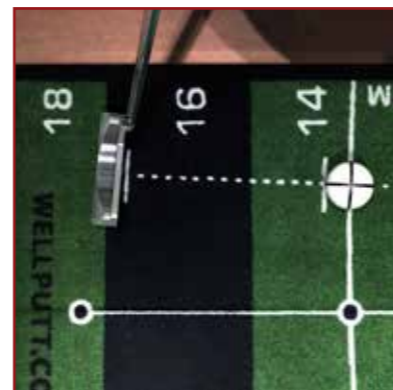

#### Alignment line for the putter face

Will help you aim your body by matching the putter face.

#### Alignment line

For the direction you are hitting towards.

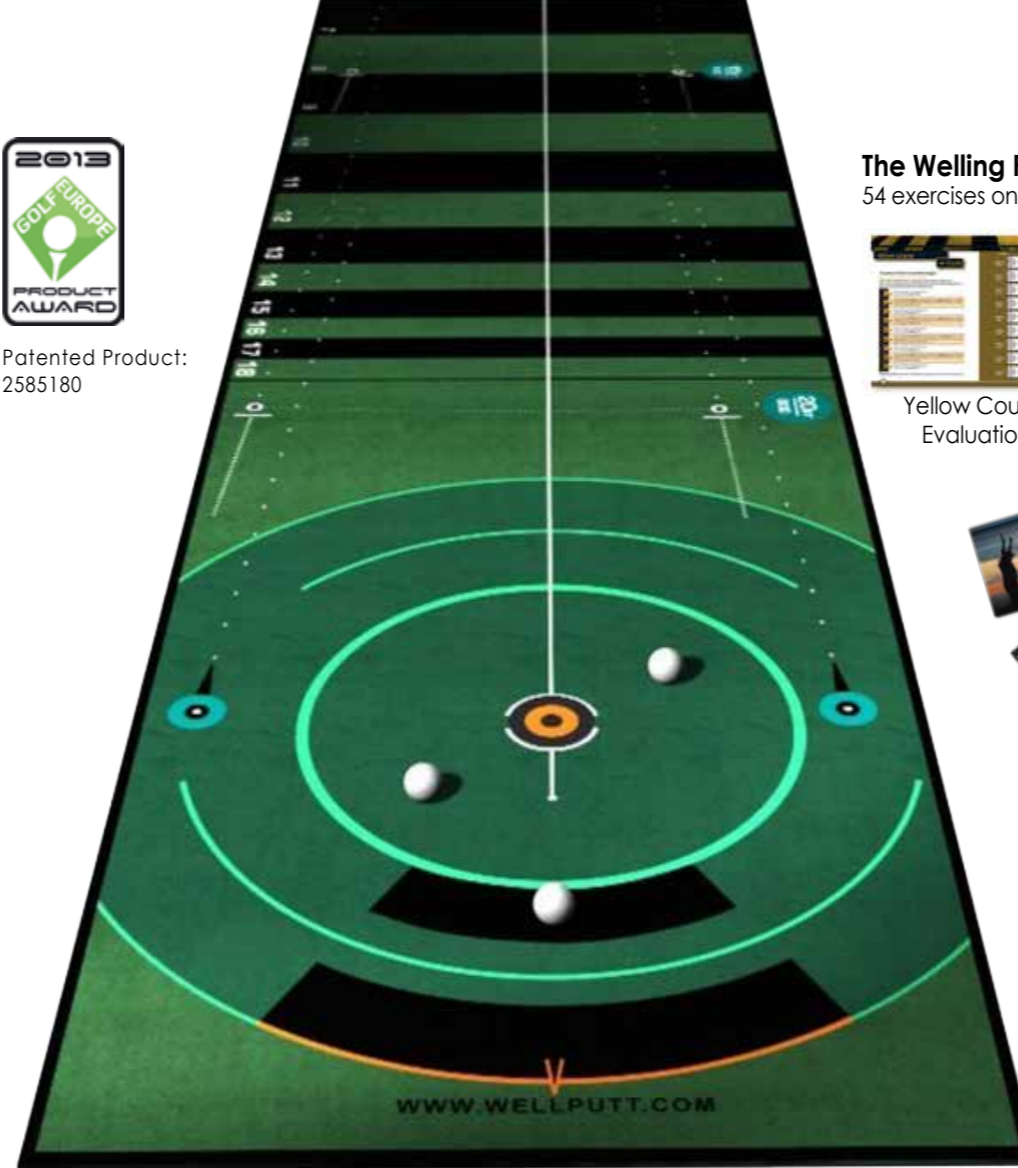

#### Necessary length of the stroke

To get through the ball with the right speed.

## Welling Putt Arc to Arc Putting Guide

- PAPMWAAS**  
Arc to Arc Mat Standard
- PAPMWAAL**  
Arc to Arc Mat Light
- PAPMWAASQ**  
Arc to Arc Mat Square

- First flexible putting board on the market.
- Compact and easy to store in golf bag.
- Use indoors with Welling-putt mat or outdoors on putting green.
- Size: 79 x 17.8cm.

## Welling Putt Display Stand

PAPMWSPOS

- 110x50x45cm / 43"x20"x18"
- Contents include:  
4 x WellPutt Mat  
9 x Arc to Arc  
6 x Wellstance  
6 x Arc Weights.

## Welling Putt Standard POS

PAPMWPOS

- 170x76 / 67"x 30"
- Contents include:  
18 x WellPutt Mat  
18 x Arc to Arc  
5 x Wellstance  
5 x Arc Weights.
- Full HD TV with dynamic product presentation (movie)

## 4pk Arc Weights

PAPMWAASW

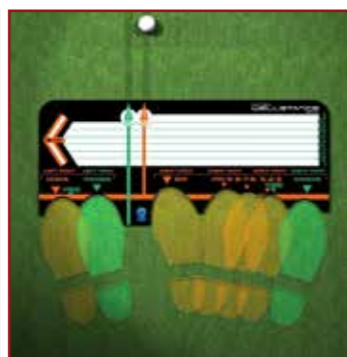

- Place on Arc to Arc.
- Will keep board firmly in place and can be used to increase or decrease width.

## Welling Putt Wellstance

- Develop your swing by being perfectly lined up on your target.
- Efficiency to gain in power and precision.
- Easy to use for golfers of all game levels.
- Length: 2ft 3", Width: 1ft.
- Weight: 21oz.
- Rapidly becomes an essential tool for weekly practice sessions.
- Includes Storage Bag.
- Available in Right Hand & Left Hand.

Wellstance aims to rapidly improve your swing, by insisting on the fundamentals (position, shoulder alignment, width of stance). Place on grass or mat driving practices.

## David Leadbetter Training Grip

### GRMETL

- Finger pads & fins to guide grip.
- Approved by David Leadbetter.

## Golf Grip Training Aid

### GRGGM

- Prevents: Re-gripping, Hooking, Slicing.
- Provides: Discreetness, Uniqueness, Assurance.
- Promotes: Muscle Memory, Accuracy & Alignment, Distance & Control.
- Easy to fit & remove.

The golf-grip™ is a small pocket friendly product that allows the Golfer to achieve the perfect grip position. It is a unique tool that can be used on any club in the Golfers' bag. Consistent use is found to promote 'muscle memory' allowing the Golfer, with practice and time, to achieve the perfect grip - without assistance.

## Power Band

### PAPB

- Improves swing.
- Eradicates hooks or slices.
- Maintains connection throughout swing.
- Increases drive length.

## Grip-It Rite

- Checks, corrects & re-enforces a correct grip.
- Precision, finger & hand placement.
- Use it on your clubs for practice & play.
- Easy to fit & remove.

## Swing Ring

### PASR

- Weighted ring, ideal for warm up.
- Helps loosen muscles and increase swing speed.
- Slide over grip and down shaft.

## Chip Click

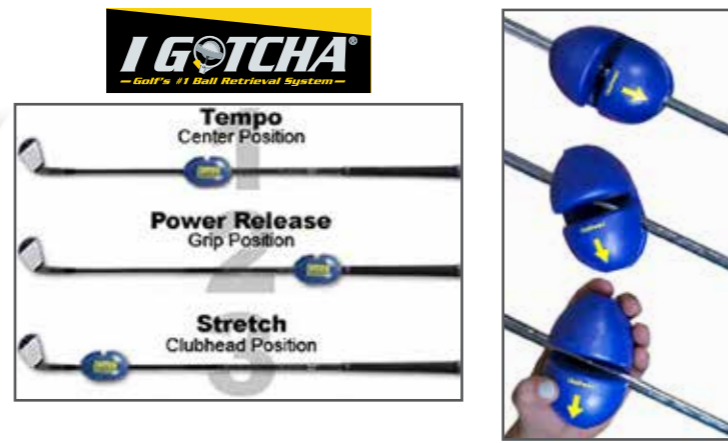

### PACC

- Audible 'Click' feedback.
- Straps to leading wrist around wrist joint.
- When chipping, wrist is kept straight.
- If wrist bends, it clicks to warn of incorrect swing action.

## I Gotcha Ready Warm-up System

- Ultimate first tee warm-up system.
- Works with any club in your bag.
- Simple three-step process to help establish a smooth tempo and powerful release.
- Quick and easy twist-n-lock design.
- Increases flexibility and warms up golf muscles.
- Same warm-up as hitting a bucket of range balls but only takes a minute.
- Available in - 8oz and 6oz.

**PAIGWSM**  
Blue - 8oz for  
Swing Speed over  
100 MPH

**PAIGWSL**  
Ladys Pink

**PAIGWS6** **New 2018**  
Red - 6oz for Swing  
Speed under 100  
MPH

## Smash Bag

THE  
**OLD COURSE**  
St Andrews Links

THE  
**OLD COURSE**  
St Andrews Links

## St Andrews the Home of Golf

The game of golf as we know it today originated at what is now The Old Course at St Andrews Links. On this narrow strip of land extending out into the Eden Estuary from the ancient town of St Andrews, golf was first played more than 600 years ago.

### St Andrews Three Fold Towel

400 Fast-Twist 3.0 In Bowl	<b>SACHST400T</b>
400 Standard In Bowl	<b>SACHST400S</b>

## Champ Pro Stinger™ Spikes

With PRO STINGER spikes you can play in any weather. The soft durometer TPU providing superior comfort and durability. The metal tip provides unsurpassed traction with non clogging support pods.

18 Fast-Twist 3.0 Disk Packed	<b>SACHPS22T</b>
-------------------------------	------------------

## Champ Zarma® Spikes

Zarma spikes are built with a three material design that has an innovative soft cushion layer sandwiched between a durable traction layer and a rigid attachment layer. All three layers are held together using advanced polymer moulding techniques. Lotus Technology uses compression to soften the impact of walking, this reduces spike pressure and creates a more comfortable experience for the golfer.

3 Material Design  
Durable Construction

18 Fast-Twist 3.0 Disk Packed	<b>SACHZA16T</b>

## Champ Zarma® Spikes Pins System

20 Zarma PINS System	<b>SACHZAAD20</b>
----------------------	-------------------

\*This product is compatible with the PINS system on Adidas shoes\*

Please note rolling change from slim look to FTS 3.0 on all model from mid 2018

## Champ Zarma® RST/Under Armour Spikes New 2018

Zarma spikes are built with a three material design that has an innovative soft cushion layer sandwiched between a durable traction layer and a rigid attachment layer. All three layers are held together using advanced polymer moulding techniques. Lotus Technology uses compression to soften the impact of walking, this reduces spike pressure and creates a more comfortable experience for the golfer.

Suitable for shoes released by Under Armour in 2016-2018. Uses the Fast-Twist 3.0 insert system.

Pack includes:  
2-Prong insertion wrench,  
Zarma Tour cleat disk,  
Rotational resistance spikes.

20 Fast-Twist 3.0 Disk Packed	<b>SACHZAU20</b>
-------------------------------	------------------

## Champ Footjoy Stinger™ Spikes

Footjoy STINGER spikes provides superior traction in any weather while maintaining maximum comfort. The spikes are specifically designed for Footjoy golf shoes, and feature durable wrench holes, wear indicators, and a non-clogging and green friendly design that minimises damage marks on the green.

18 Footjoy Tri-Lok Disk Packet	<b>SACHSTFJ18</b>
--------------------------------	-------------------

## Champ Helix™ Spikes Pins System New 2018

The HELIX spike is designed with superior rotational traction to help give the best stability and keep you grounded throughout the swing. The six firm legs provide the top level of traction in the CHAMP range and the "C" visible wear indicator turns solid when spikes need to be replaced. The HELIX also uses a green friendly design which minimises marks on the green allowing for a comfortable playing experience.

20 Pins System Disk Packed	<b>SACHHP</b>
----------------------------	---------------

Wear Indicator  
"C" Visible Wear Indicator turns solid when worn

Environmental  
Green friendly design

Traction Element  
Strong abrasion resistant urethane

Reinforced Wrench Holes  
Rigid base with durable holes

POWERED BY D3O

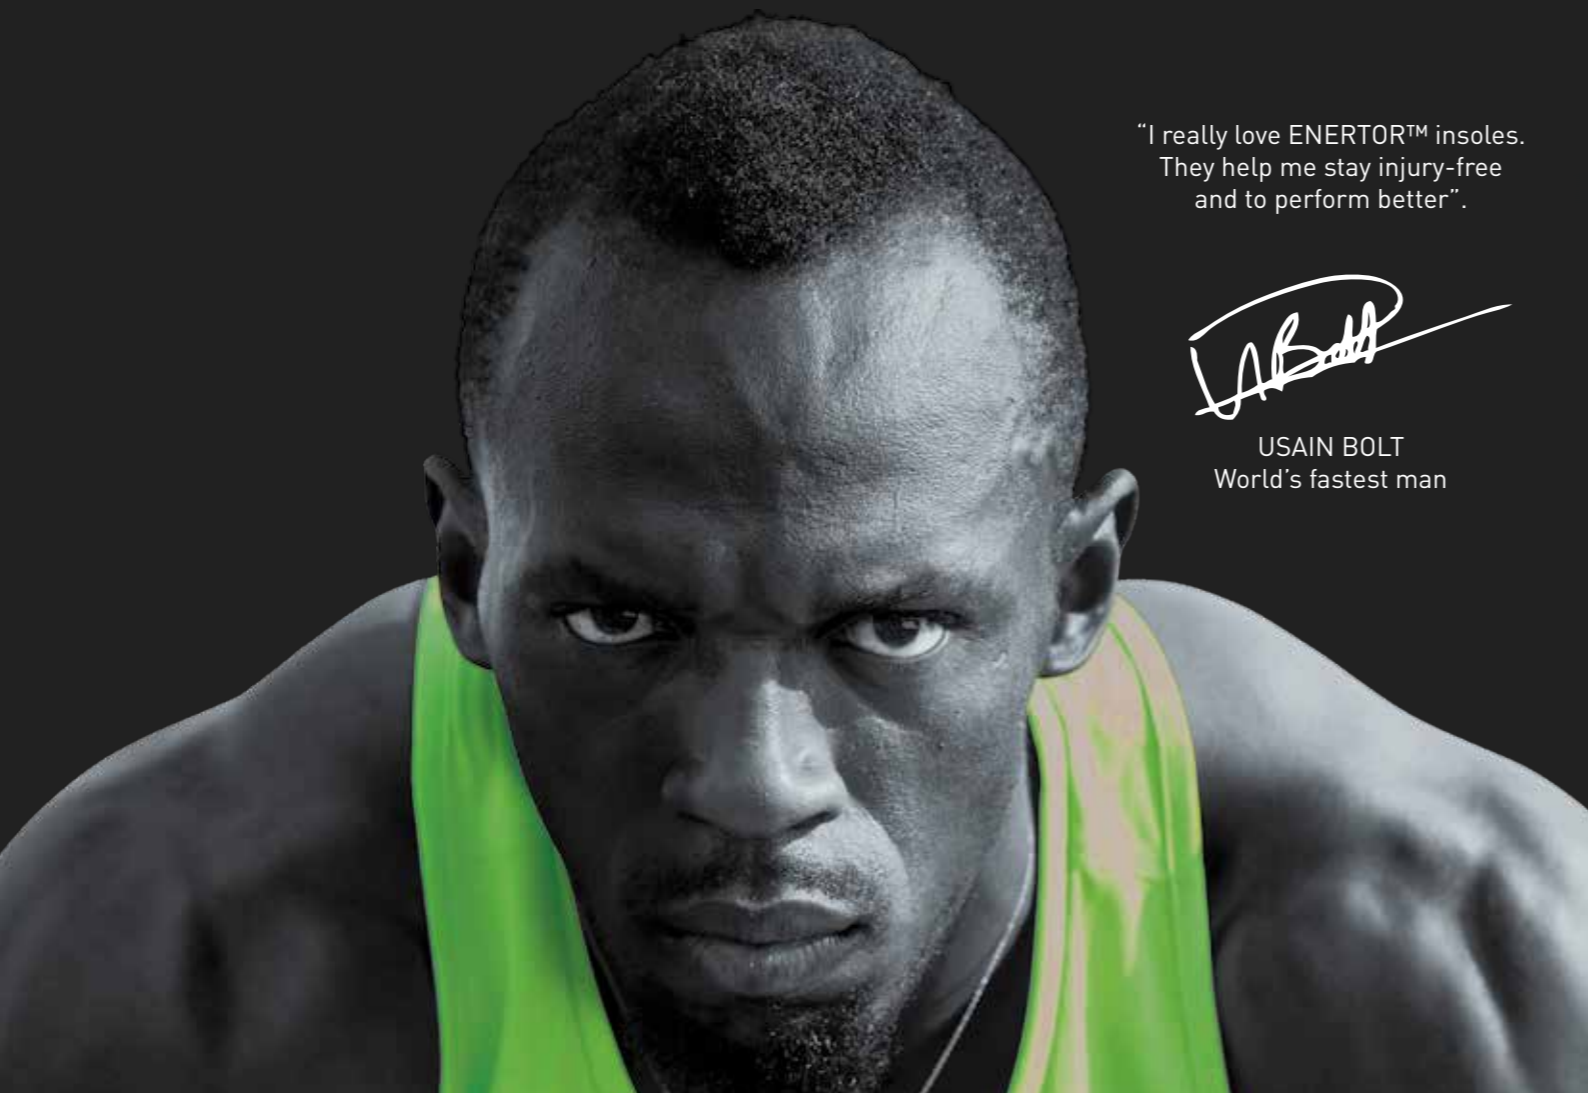

# STAY IN THE GAME

## PROVEN INJURY REDUCTION INSOLES

- Patented D3O® technology for ultimate shock absorption
- Trusted by pros, the British Army, US Military and Usain Bolt

**FOOT PAIN | ANKLE PAIN | LEG PAIN | KNEE PAIN | BACK PAIN**

ADVANCED SHOCK ABSORBING INSOLES for longer lasting PAIN RELIEF and INJURY PREVENTION

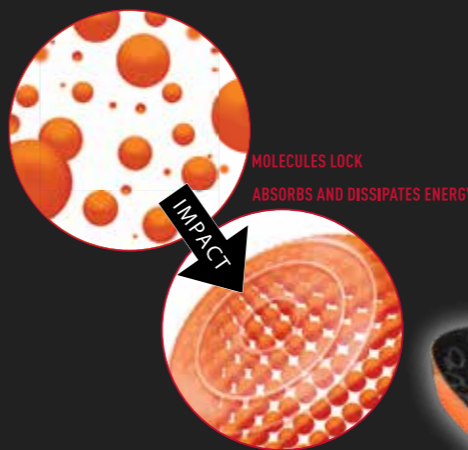

"I really love ENERTOR™ insoles. They help me stay injury-free and to perform better".

USAIN BOLT  
World's fastest man

### HOW D3O® WORKS

FREE FLOWING MOLECULES

SOFT & FLEXIBLE MATERIAL

### Performance - Full Length

- Ideal for sports and hiking,
- Long lasting insoles to improve performance and reduce injury.
- The insole will reduce the amount of pronation (foot going inwards) and gives maximum control and stabilisation of the foot.

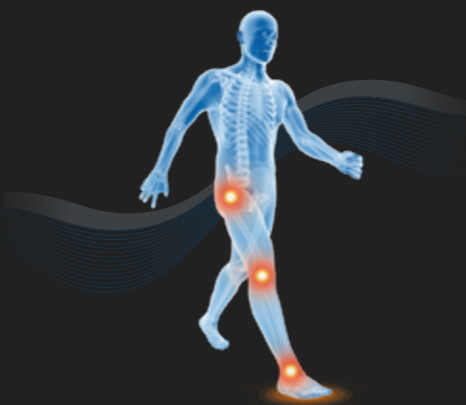

SAENPE# Available in UK Sizes: 3 - 14

### Comfort - Full Length

- Perfect for everyday use.
- Protects heel and mid foot on impact. Walk on air, or stand all day in comfort.
- Will feel like having a new pair of your most comfortable shoes on.
- As used by the British Forces.

SAENCFL# Available in UK Sizes: 3-4, 5-6, 7-8, 9-10, 11-12, 13-14

### Comfort - 3/4 Length

- Perfect for everyday use and in tight-fitted shoes, where additional material in the toe box becomes too tight.
- 3/4 length doesn't slide around under the foot, it sticks to your shoes.
- Protects heel and mid foot on impact. Walk on air, or stand all day in comfort.
- Some golfers and skiers will prefer to feel their toes.

SAENC34L# Available in UK Sizes: S (1-5), M (6-9), L (10-14)

### Comfort - Heel Cups

- Perfect for any shoes and high heels.
- Sticks to the shoes to ensure they sit correctly under the heel.
- Protects your heels every time you hit the ground.
- Having a pair of discreet Heel Cups is a good start to improve your well being and to avoid heel pain.

SAENCHC# Available in UK Sizes: S (1-5), M (6-9), L (10-14)

### Enertor Floor Standing FSDU

SAEN64FSDU  
64pk FSDU

- Holds a maximum of 64 packs of various sizes.

\*69% of sufferers reported the Enertor insoles helped to heal Plantar Fasciitis, 120 person study, UK Jan 2017. † As validated by leading independent test house.

**New Decade® Multi Compound**

This innovative hybrid grip fuses the positive performance of rubber and cord for an exciting new look and feel. The Multi-Compound boasts Golf Pride's exclusive black Velvet Cord in the upper hand area for firm all-weather control, and a hi-performance rubber material in the lower hand for ultimate control and responsiveness.

Standard:	GRMEMCH	W	BK	B	Y
Midsize:	GRMEMCHM	W	BK	B	Y

GRIPS & WORKSHOP

## Tour Wrap® 2G®

With a modernised look and fresh colours, the Tour Wrap® 2G® features enhanced tackiness and an even softer material for a great feel. This one-piece, simulated wrap grip combines the look and feel of luxury leather with the durability and performance of high-tack rubber.

Standard: GRMETW2G **B** **BL** **W** **R**  
 Midsize: GRMETW2G **BM** **WM**

## Tour Velvet Align® **New 2018**

Tour Velvet Align features an advanced Non-slip material that delivers maximum playability and confidence in all-weather conditions. The new ALIGN Technology improves clubface awareness and brings more consistency to your game.

Standard: GRMETVA **BK**  
 Midsize: GRMETVAM **BK**

## Tour Velvet Super Tack™

Tour Velvet Super Tack features an advanced new material formulation that delivers significant tack. The enhanced texture increases surface coverage by +33% for added traction while the distinct diamond pattern in the top section of the grip allows for added stability.

Standard: GRMETVSTBK      Midsize: GRMETVSTMBK

## Tour Velvet Cord® BCT® Gold

The most widely used cord grip on Tour, the Tour Velvet® BCT® Cord comes standard with Brushed Cotton Technology (BCT), a tighter-weave cotton twill fibre that delivers a comfortable cord grip.

Standard: GRMETVB **BK**

## Tour Velvet® 360™

Tour Velvet® 360 is designed for adjustable drivers, fairway woods, and hybrid clubs. It features the popular look and feel of the Tour Velvet® non-slip surface pattern in a 360° design.

Standard: GRMETV360

Standard: GRMETV360W  
 Midsize: GRMETV360WM **New 2018**

## Tour Velvet®

The most popular grip in golf today combines an exclusive, state-of-the-art rubber-blend compound with a computer-designed, non-slip surface pattern for maximum playability, comfort & confidence.

Standard (Ribbed): GRMETV      Midsize: GRMETVM  
 Standard (Round): GRMETVRO      Jumbo: GRMETVO  
 Standard (Round)0.6: GRMETVRO60      Undersize: GRLETV

## Z-Grip® Cord: The Fastest Growing Full Cord Grip On Tour

The Z-Grip Cord is Golf Pride's firmest cord grip, combining two layers of texturing for feedback and control. A deep "Z" shaped texture pattern winds vertically around the grip for enhanced traction, while a heavy cord texture throughout provides moisture management and responsiveness.

Standard: GRMEZ      Midsize: GRMEMZ

## VDR®

Featuring three depths of surface grip texture, the VDR® is specifically designed for heightened traction and excellent all-weather performance. The precision-cut, variable depth texture, combined with a shock-reducing rubber compound provides wrist protection from off-centre strikes.

Standard: GRMEVDR **BK**

## Tour SNSR Putter Series®

NEVER LOSE YOUR FEEL. Golf Pride's new oversized putter series called TOUR SNSR™ features larger Tour-proven shapes that are engineered with innovative SNSR material that delivers unsurpassed Tour-level feel and feedback. The new grips are made of a soft-tuned rubber formulation that gives these grips an extraordinary feel, and encourages a lighter grip pressure that golfers seek in creating a smooth stroke. The new SNSR compound also enhances Tour-level feedback into the hands to improve player distance control. Players can dial in the feel that fits them best with two Tour proven shapes, the TOUR SNSR CONTOUR and the TOUR SNSR STRAIGHT. All four TOUR SNSR models feature a wide paddle front, sculpted to promote lighter grip pressure and consistent hand placement. Additionally, they are each finished with a traction-textured design that provides heightened feel and moisture control. Each shape is available in two oversize options, 104cc and 140cc.

## TOUR SNSR PISTOL CONTOUR®

An evolution of the classic tapered pistol profile that is the shape preference of over 75% of Tour players. The pistol allows golfers to "lock in" their upper hand for consistent hand placement that translates to more confidence in every stroke.

104CC: GRPETSP104

140CC: GRPETSP140

## TOUR SNSR STRAIGHT®

A contemporary, non-taper shape promoting a consistent hand pressure and feel. The straight taper design features soft, rounded edges that are strategically bevelled for palm and finger pad comfort.

104CC: GRPETSS104

140CC: GRPETSS140

## Tour Tradition® Putter Grip

The Tour Tradition® features a smaller, paddle front design preferred by Tour professionals. Its standard size and all-rubber construction provides increased feel and responsiveness for truer putts.

Standard: GRPETT BK

## Tour Classic® Putter Grip

The Tour Classic® midsize design features a large diameter, filling the hands comfortably while the flat paddle front promotes a controlled, confident stroke.

Standard: GRPETC BL

## B-140® Belly Putter

A 21" flat paddle construction allows players to utilise several gripping styles to produce a consistent roll. This unique design structure is optimised for easy installation.

Standard: GRPEBPB

## David Leadbetter™ Training Grip

Designed to be an excellent practice tool for learning and reinforcing the mechanics and feel of proper hand placement on the club. This grip will help beginners as well as advanced players.

Standard RH: GRMETL

**TOUR CLASSIC®**  
Flat paddle front promotes a controlled, confident stroke.  
Core Size: 58 Round  
Weight: 84g Mid

## Winn Tour Pistol Putter Grip

The Tour Pistol is designed for players who prefer a traditional size & shape putter grip. Well-defined edges offer accurate alignment & consistency. All models come in a unique tone-on-tone color look with an enhanced hexagon pattern, which provides great feel and slip-resistance, promoting light grip pressure. Excel polymer provides a comfortable tacky feel.

Standard: GRPWTP BK BL LV RD

## Winn Pro X 1.18" Midsize Putter Grip

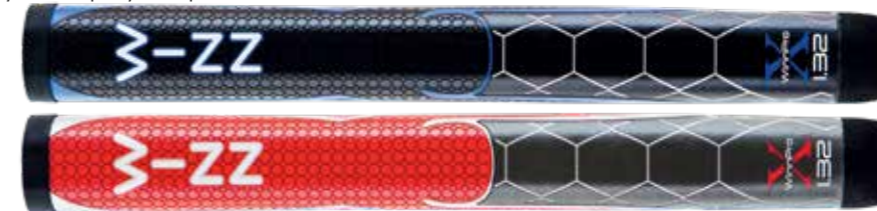

Slightly larger than a Winn Midsize putter grip, the black & red 1.18" model uses a comfortable, tacky Excel polymer for ultimate feel. The paddle-style profile eliminates wrist movement during the stroke.

Midsize: GRPWPXS BR

## Winn Pro X 1.32" Midsize Putter Grip

This 1.32" diameter grip feels slightly smaller than the Winn Jumbo putter grip. Its minimally tapered profile reduces wrist movement during the stroke for more consistency on the greens. The tacky Excel polymer provides comfort and confidence.

Standard: GRPWPXR BB RG

## Winn Pro X 1.60" Jumbo Putter Grip

The extreme oversized 1.60" diameter of this grip helps eliminate wrist movement while putting, aided by the minimally tapered profile.

Jumbo: GRPWPXF BS

## Winn 21" Pistol Belly Excel Putter

For long putters, this 21-inch one piece grip offers the shape of a pistol with the length of a 2-piece. Our original Excel polymer provides a soft, tacky feel.

Long: GRPWPBRB

## Winn Pistol Putters

Winn's Pistol Putters are popular because of their stabilizing effects on wrist movement. The soft, tacky Excel polymer provides ultimate comfort in your hands.

Midsize: GRPWMEPBO

Jumbo: GRPWJEPBK

## PISTOL GT

The new Pistol GT with CounterCore Technology is a mid-sized, classic pistol shape that golfers love. CounterCore Technology lets golfers fine tune the feel and stability of the putter by adjusting the weight of the grip. Every new CounterCore putter grip comes with a 50g back-weight that engages larger muscles in the arms, shoulders and back, which results in more of a pendulum motion. Our patented NO TAPER design promotes even grip pressure, which leads to better putting. It can also be played without the weight if you prefer.

## LEGACY

### MID SLIM 2.0

The **MIDSLIM 2.0** is slightly smaller than the SLIM 3.0 but still features SuperStroke's patented parallel technology. This size-to-weight combination has quickly become a favourite across all professional golf tours.

### SLIM 3.0

The **SLIM 3.0** is one of the hottest grips on tour. Used in 3 Major Championship wins, the Slim 3.0 promotes stability throughout the entire putting stroke while providing great feel and feedback.

### FATSO 5.0

The **FATSO 5.0** is a time-tested performer and the shape that started it all. The FATSO not only continues to win but has prompted the development of new sizes and profiles.

<b>2.0</b>	Diameter: 1.20" Length: 10.50" Weight: 50g Core: 0.58	<b>2.0:</b>	<b>GRPSSCL2</b>	<b>BK</b> <b>RD</b> <b>BL</b> <b>LI</b>

**EXCEPTIONAL QUALITY GRIPS**  
**100% PURE RUBBER**

**EXCEPTIONAL QUALITY | TAPELESS INSTALLATION  
UNIQUE PURE RUBBER COMPOUND**

**Feel & Durability**

Exceptional durability.  
Best feel on the market.  
Best in all weather conditions.  
High Level of moisture & heat resistance.

**Tapeless Installation**

No adhesive tapes or solvents.  
Grips as securely as adhesive tape.  
Install on steel or graphite shafts.  
Grip will not loosen or slip.

- LASTS TWICE AS LONG.....** 100% pure rubber makes it exceedingly durable.
- SUPER "TACKY" .....** Guaranteed to remain tacky and supple for 12 months.
- BETTER IN RAIN .....** Due to the material, moisture doesn't attach to the grip as easy and makes it easier to wipe off.
- MADE IN USA .....** Injection mold ensure grips are consistent thickness.
- CUSTOM LOGO .....** Minimum quantity of 13, with 3 weeks lead time.
- USE ON PREMIUM BRANDS..** Miura, Bettinardi, PXG etc.

**Benefits**

No adhesive tapes or solvents yet grips as securely as adhesive tape.  
Installs on steel or graphite shafts 75% quicker than traditional methods.  
Will not slip or turn once in place a clubs can be used immediately.  
Easier to learn than traditional grip application.

**Air Compressor New 2018**

Lightweight and portable for great manoeuvrability.  
Suitable for inflating, short spraying and blowing.  
Supplied with 4 x rubber feet.  
This compressor has been selected because of its silent operation.  
In a shop environment its important to keep the noise down.

**Custom Installer**

PURE Custom Installation  
Attachment is threaded to fit standard air compressor parts.

**Corporate & Personal Grip Customisation**

**GIVE CUSTOMERS SOMETHING UNIQUE.  
THE HIGHEST QUALITY GOLF GRIP WITH THEIR OWN LOGO.**

**IN JUST SECONDS A GRIP CAN BE INSTALLED ON A CLUB FOR EVERY PLAYER AT THEIR EVENT OR TOURNAMENT.**

MIN ORDER 13 GRIPS, 4 WEEK LEAD TIME.  
\*NOTE, ONLY 1 CHOSEN COLOUR CAN BE PRINTED ON GRIP.  
FREE SETUP FOR ORDERS OVER 150 GRIPS, OTHERWISE SET UP COST IS £40.

**DTX**

The DTX is our first collaboration with Hank Haney. A combination of contrasting textures, the DTX delivers a great simulation of a cord feel, but adds our seamless molding and rubber technology. Its unique combination of rough and tacky texture is great for any golfer looking for a secure connection with the club, including cord players.

**P2 Wrap**

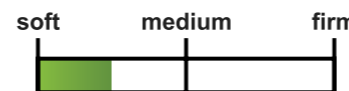

Our tackiest grip, the P2 Wrap features a perforated wrap design and fits golfers with standard size hands that prefer a slightly softer, more muted feel at impact. This grip is great for wet or humid locations and for those that really like a tacky feeling grip that will absorb some vibration.

BK	WH						

**The Big Dog Putter**

The Big Dog is designed for golfers that prefer an oversized grip with less taper. The subtle taper and modified cylindrical shape increases the size of the grip in the bottom hand, encouraging proper release of the putter head. By using the same proprietary PURE Tack rubber compound found in all our other grips, The Big Dog is extremely durable and actually a little heavier than other grips of its size currently in the market. Weighing in at about 120 grams, The Big Dog puts some weight in your hands and delivers a counter balance effect that increases the stability of the club head throughout the putting stroke.

## Crossline

With a distinctive, densely spaced pattern that promotes light grip tension and superior lateral traction, Lamkin's proprietary rubber compound adds tackiness and durability, while the grip's firmness is appealing to a broad range of golfers.

Standard: GRMLCL Midsize: GRMLCLMS Oversize: GRMLCLJ Ladies: GRMLLCL

## Crossline Paddle Putter

One of the most preferred putter grips on Tour, the combination of the unique paddle shape and Crossline surface pattern give the Crossline Paddle its distinctive look and medium-firm, tacky feel.

Standard: GRPLCLPB

## R.E.L. Ace®

The R.E.L. ACE 3GEN grip. Engineered with the super tacky advanced cohesive elastomer, providing a confident connection with the ideal light-pressure grip and dampening of shot feedback, whilst the texture maximizes surface contact with a player's hands. Ideal for a broad range of players looking for a comfortable and versatile golf grip.

Ladies/Undersize: GRLLREL NP PU

## Arthritic Grip

A unique 'nubbed' texture and larger profile, the Lamkin Arthritic Grip promotes lighter grip pressure, allowing players with limited hand and arm strength to comfortably and confidently grip their clubs.

Midsize: GRMLAG

## Jumbo Putter

Extra-large putter grip that minimizes hand pressure and eases forearm stress, allowing for an extra-smooth putting stroke.

Oversize: GRPLJ

## 2016 Sink Putter Grips

A super lightweight rubber for a more responsive feel, the SINK putter grips feature a pronounced curved-handle profile to promote proper wrist alignment for a more fluid and consistent putting stroke.

Squared 13 Putter: GRPLSS13 OY

Rounded 13 Putter: GRPLSR13 GB

## Sink Putter Grips

A super lightweight rubber for a more responsive feel.

GRIPS & WORKSHOP

## FIVE ZONE HIGH-PERFORMANCE ENGINEERING ONE PERFECT GOLF GRIP

### ZONES 4 & 5

A shallow micro-texture provides a smoother and more comfortable feel in the non-glove hand, while the V-shaped dividing groove promotes a consistent and proper grip position of a golfer's lower hand.

### ZONES 1 & 2

The intricate horizontal pattern includes a soft cord weave that delivers exceptional traction in the upper hand, enhanced comfort and slip-free grip confidence in all weather conditions.

### ZONE 3

The critical middle zone of Z5 includes two FingerLock panels that secure a golfer's thumb in a consistent grip position with every swing. The simulated rope texture offers a unique tactile response that reinforces club control without excessive grip pressure.

The most technically advanced and responsive part of your game, your hands, finally has a grip to match. The new Z5 features five distinctive grip zones scientifically engineered to promote proper hand placement and the ideal light-pressure grip with every swing. The Z5 multi-compound foundation is combined with a functional network of textures and patterns to deliver a new level of comfort, control and consistency.
