

THE RAPID FACER 1000. THE QUICK TURNAROUND TOOL.

Its unique bar aligns an accurate face on the bedknife in just 90 seconds.

This is the sharpening tool that gets your mowers out of the shop and cutting the grass.

Savvy turf managers know how important a bedknife can be in getting a precise cut out of a mower. The Rapid Facer is the answer. It puts a perfect edge on the front face of your bedknife in just one and half minutes. With speed, convenience and accuracy you can re-sharpen weekly or even daily, as needed.

It's the quick turnaround tool.

RAPID FACER - Bedknife front face sharpener

- Quick turnaround — mowers aren't stuck in the shop
- Greens play faster — grass gets cut at consistent height
- Cleaner cut equals healthier grass
- Reduces mower wear — less drag
- Prolongs life of the bedknife
